

## Invitation

The series of joint meetings of the Contract Management Special Interest Group (CM SIG-9) of Project Management Association Finland (PMAF) and the International Association for Contract and Commercial Management (IACCM) Finland will continue with a meeting arranged in collaboration with Fennia, on

### Towards Agile, Simpler Contracts and Successful Relationships

Many of us have been told that our contracts are too long, too complex, and hard to work with. Misunderstandings, disagreements over contract scope, and performance failures easily follow. Some people still view contracts as obstacles rather than as enablers of business success. This event brings together experts in agile contracts and contract transformation for an exploration of how we can remove unnecessary complexity from our contracts and turn them into user-friendly tools that help shape and manage successful business relationships.

The meeting will take place on **Monday 14 September 2015** at 1:15 pm (registration at 1:00 pm) – approximately 4.30 pm in the Auditorium of Fennia Mutual Insurance Company at Televisiokatu 1, Helsinki. (For a map, see <https://goo.gl/ZrjW65>)
